

Visiting service for elderly – „better together“ communicative visitors wanted!

Many older people would like to remain in their own four walls for as long as possible, but are increasingly restricted in their mobility as they get older. Since 2021 we have been offering a visiting service for older people, including those with a migration background, which is carried out with the help of volunteers. In addition to German-speaking visitors, we are also looking for volunteers with additional language skills who allow culturally sensitive visits in their mother tongue. Any language is welcome! Another focus is on the application of digital offers with the support of mobile devices to enable an introduction to the technology.

Your commitment and your tasks

- ▶ You have time to visit at least once a week
- ▶ You take part in regular training courses and reflection meetings in the DRK district association in Darmstadt
- ▶ You enjoy dealing with older people and are good listeners
- ▶ We are happy if you already have intercultural experience and skills and/or speak another language (e.g. Arabic, Turkish, Russian, Polish), but this is not a requirement.
- ▶ It's nice if you have prior experience with video-based software, internet, smartphone, PC, tablet, etc., but again, it's not a must.
- ▶ You should have a long-term interest in your job.

What we offer

- ▶ Information and needs discussion in advance
- ▶ Qualification as part of the further training offer
- ▶ Close supervision through coordination over the entire period
- ▶ Liability and accident insurance coverage
- ▶ Reimbursement of travel expenses to the visits
